The President's Dispatch

I started last month's meeting around 7 p.m., as usual. We had 18 members present. Because we had no presentation for the meeting, I asked for volunteers to make presentations at upcoming meetings and received three volunteers.

Dick Odum and Mike Chessman have both volunteered to make short presentations at our October meeting and another person (I don't

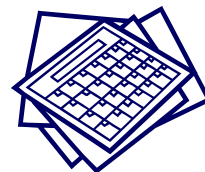

remember who) volunteered to make a presentation at our November meeting. Because the December meeting usually our annual holiday party, we will not need a presentation in December.

Richard Jackson announced that there are some changes to the way APS circuit books are going to be handled because of APS policy changes. APS is going to add extra circuit books each month and the topics will change month to month. Also they will arrive close to the date of our monthly meeting.

Charlie Bartlett handed out lists of countries he has been collecting for about 80 years and announced he is ready to sell his collection country by country to club members. See Charlie if you are interested.

The stamp album that was given to Richard Jackson and passed onto the club as a donation turned out to be a disaster. All of the stamps were mounted with doublestick tape or magic tape (used like a hinge). The majority of the stamps are trash, although I have discovered that 90% of the unused stamps can be soaked off the pages with a little care. While doing this a few of the used stamps were also be saved. Used stamps that still

have some of the original gum and those with remnants of an envelope (maybe 2% or 3%) could also be saved. Also CTOs and stamps with very large hinge remnants could be saved. I tried to remove tape from stamps with some success. This was done with a generous amount of lighter fluid, lots of scraping and rubbing, lots of patience and someplace (such as outside on a porch) with lots of ventilation. This procedure in my opinion is not worth the effort for 5¢ stamps.

I have started to put some 5¢ a stamp books together and will bring them to the next meeting. They will contain stamps salvaged from the world wide Traveler Stamp Album mentioned above and stamps that I am donating to the club. I will probably not be finished soaking the stamps from the Traveler album by the time the next meeting arrives but I will bring what I have available. Any club member who wishes to donate stamps to the 5¢ books, please bring them to one of our meetings and I will add them to the books. I am trying to keep things organized by country, so, I would appreciate it if you could sort them by country and put them in some type of

envelope (envelopes from your junk mail would work just fine)
with the country name written on the envelope. I will also accept
stamps that are mounted on album pages, notebook paper or any-
thing similar. I could also use stock pages for this project. The

preferred type would be any kind of stock page which allows
the entire stamp to be viewed without removing the stamp
from the stock page but no donation will be turned down.

Stamp donations can be from any country, however U.S.
stamps will not be added to stock book pages unless they are
PNCs, pre-cancels, coil pairs or have a catalogue value of
more than a dollar. U.S. stamps mounted on pages will be

accepted although I have my doubts as to whether any
common U.S. stamps will sell.

I would also like to thank Dan Hubbard for his gener-
ous donation of four stock books for this endeavor.

The stamp buying committee has agreed to purchase
stamps from Dick Odum. He purchased several world
wide stamp albums at the Knoxville Philatelic Society
auction that was held on October 3. After Dick has taken
what he can use for his collection he has agreed to sell
the balance of the stamps to the club for a penny each.
Some of this material will be at the next meeting and we
can discuss how the club would like to distribute this ma-
terial. We have a couple of ideas as to how to sell this
material and would like additional input from the club
members.

Two of our club members will celebrate birthdays dur-
ing October. Dick Odum's birthday is October 24 and my
birthday is the date of our next meeting .

I hope to see you at on next meeting on October 19th.
Remember October is Stamp Collecting Month.

Unless otherwise indicated
by announcement in the newsletter,
Holston Stamp Club conducts its regular
meeting on the 3rd Thursday
each month at 7 p.m.

Hope to C. U. there
